418. Arch Street

April 2nd 1858.

Moses Kimpton Esqr

My Dear Sir

Your note of this date is before me. The Anchor was placed in the gutter near the gate leading to the yard.

The cause of the sinking of the pavement — at the spot you refer to — is, on account of the well: The old Pump formerly stood there.

Very Respectfully Yours

C.M. Jackson

just above here— he says
it is the place of the old
Public Pump —

No. 13 South Front Street

Philadelphia May 7th 1858

Jesse Godley Esq.

Dear Sir

In Compliance with your request a Meeting of the Vestry of Christ Church was held on Tuesday evening the 4th Inst. at which it was stated by several Members, the desire of the owners of Property on the Alley to have it opened to Second Street, and desired to be informed what the Church would require for the Strip of their Ground as far North as to be in line with front of the Houses on the North side of Church Alley which would be Nine feet on Second Street running back the depth of their Ground One hundred & fifty feet more or less — The Vestry have no desire to have this Strip of Ground taken from the Church Yard — yet they did not wish to be in the Way of a public Improvement of so much importance to the owners of Property on Church Alley, therefore after much consideration and Consultation, a Resolution was adopted appointing a Committee with power to take order on the Subject & provided the Sum of Nine Thousand Dollars is paid for the same —

It must be remembered the Church has many years since given up, for the accomodation of the people of Church Alley the present opening of about 7 feet on Second running the depth of their Lots, without any other Consideration —

Very Respectfully

Mons Kimpton

Office of the Board of Trade,

Philadelphia, Aug 26 1858

Moses Kempton Esq
Warden Christ Church

Sir

By direction of the Committee charged with the arrangements for Celebrating the completion of the Atlantic Telegraph, I address you to beg permission that the chimes of your church be rung on the first of September, at the hours designated in our published proceedings of the Day. The proper arrangements to pay the Ringers have been made by the Committee.

We beg your reply to the Committee at their meeting to-morrow, 12 o'clock, at this office.

Very respectfully
L. Blodget
Sec'y Committee

Stewart

Moses Kempton Esqr.
Warden of Christ Church

Sir -

At the request of the Committee of Citizens charged with the arrangements for the celebration of the laying of the Atlantic telegraph cable I would respectfully apply to you for an order that the bells of Christ Church shall be rung upon that occasion of public rejoicing -

Very Respectfully
Yr. Obt. St.

Alexander Henry
Mayor of Philadelphia
August 31. 1858.
